Profile

I am looking to further my experience by taking on new challenges. As a conceptually oriented problem solver, I dive into any design challenge available. As a result of the past few years of experience, I am ready to explore new available opportunities in my profession.

Professional Experience

2020 – present

Web designer / UI designer

Freelancer

- Produced professional creative concepts and solutions and assisted in the website design development to ensure that the clients' needs were fully met.
